SIXTY-SEVENTH YEAR

Improvements Planned For City Airport

Edmonton airport is one of the major Canadian airports at which instrument landing systems are to be installed and the new equipment will add greatly to safety in bad weather operations and also make schedules of air lines far more regular. Air Vice-Marshal A. H. Daulton, superintendent of airports and airways, civil aviation branch, Charles F. Brainerd, director of air services for the department of transport, said here Tuesday.

The vice-minister is on a two-day inspection tour of major airports in the west and is accompanied by C. C. W. Brown, controller of routes, and J. Daulton, superintendent of airports and airways, civil aviation branch, Charles F. Brainerd, director of air services for the department of transport, said here Tuesday.

Canada is being divided into six major civil transport districts, the director of air services stated. A director will be placed in charge of each district in the near future. Districts will centre on Edmonton, Vancouver, Winnipeg, Toronto, Montreal and Moncton. The plan is aimed at integrating the work of all civilian aviation bodies, it was stated.

Instrument landing system equipment, costing about \$50,000, is being

Italian Economy Menaced by Strikes

ROME, Sept. 16.—(AP)—Spreading strike that menaced her already shaky economy marked Italy's return to sovereignty today by the peace treaty with the winners of the second World War.

ROME NEWSPAPERS declared the treaty "infamous" and a "disgrace."

Adding their weight to a nine-day strike of more than 1,000,000 farm workers in the north, metal workers began 48-hour walkouts, protesting the high cost of living and demanding more pay.

The farm workers seek an eight-hour day, increased pay and other concessions. Prices of some foods have doubled in the last six months.

In Rome a one-hour strike of the post office and the railway protest high prices of food.

UNITED STATES—Metal workers expressed belief that Italy's resistance to Communism was the real force that had won the war.

They think it is the primary Communist aim to take over Italy, they said.

Canada Sending Food to Britain

PRESTWICK, Scotland, Sept. 16.—(CP)—Agricultural Minister, Lord Gardiner of Canada, before returning to the Dominion today, has agreed to provide the British government with 100,000 bushels of wheat and 100,000 bushels of barley.

He said: "With a population of 10,000,000 rather few British in Canada than here and we are making an all-out effort this year to get as many British immigrants as possible."

He also mentioned the attendance of the United Nations food and agriculture organization at Geneva, last weekend, as the guest of the King at Windsor Castle.

He was installed as a member of the Imperial Privy Council.

Provide \$60,000,000 Sterling Exchange

LONDON, Sept. 16.—(CP)—The treasury announced tonight that the international monetary fund has agreed to provide the sterling in exchange for sterling within 90 days.

A government source said earlier that Britain soon might ask the international fund for a loan of \$500,000,000 to help her economic crisis.

Goes to Ottawa

2019 Murder Cases Said "Up in Air"

The man who recently

allegedly confessed to the 1919 murder of an Edmonton constable now absolutely refuses to talk or admit anything about the case, according to an announcement by Chief Constable Reg. Jennings Tuesday afternoon. This statement was made after receipt of further information.

AT PRESENT the man who reportedly made such a confession is serving a 15-year term in Walla Walla prison for car theft. He is William Albin Bowles.

Last August Bowles was reported to have stolen a car in Vancouver.

When driven to Salem, Ore., he was taken to police officers there and surrendered to them. He was then taken to the police station in Walla Walla.

Today Chief Constable Jennings said that authorities intend to bring Bowles back to Edmonton.

Group Captain C. Carling-Kelly, the senior personnel staff officer at North West Air Command, who has been sent to Ottawa to take a new appointment as director of air service and establishments at the force headquarters.

Moslems Rip Refugees

NEW DELHI, India, Sept. 16.—(AP)—Moslems have attacked a 40-mile-long Hindu refugee convoy and killed or wounded about 1,000 Hindus.

Refugees were reported killed or wounded. The number of Moslem casualties was not reported.

A Hindu convoy, bound from the Punjab to the east, and the Moslems, who were on the move and hit some members, but the number of Moslem casualties was not reported.

A Moslem convoy 30 miles long left India for the West Punjab under the escort of troops and tanks.

Agreement with the suggestion made in a telegram from Patna, Bihar, to the United Nations.

One unique investment took place at the Macdonald hotel Monday evening when Count Jean de Houtteville, French ambassador to Canada, planned the purchase of a house in Edmonton.

Count de Houtteville, a French military officer, was reported to have been in Edmonton for a short time.

DISTRICT NEWS IN BRIEF

Talk Building Dam Aid Wild Game Life

McLENNAN, Sept. 16.—During the past month, engineers and surveyors for Ducks Unlimited have been surveying in this district with a view to building a dam on the Hart River 17 miles from McLeannan.

This would make the water from the river run into Lake Winnipeg. The Hart River is reported to be slowly drying up and if this project is undertaken, it will undoubtedly be of great value to wild game life. Representatives of the Dominion and provincial governments have also been investigating the possibility of the project and all residents are keenly interested in the undertaking.

Erecting Derrick

STETTILLER, Sept. 16.—The Canadian Oil Company is erecting a derrick on the Jerrard farm, six miles south and two miles west of Stettiller. The derrick will be used for the accumulation of oil has been indicated by many seismograph tests, but the area has yet to be proved as a producing one. Several oil companies have shown an interest in this area and many men in connection with the business are looking for accommodation in town.

Wins Burial

STETTILLER, Sept. 16.—The burial donated by the Jerrard family, IODE has been awarded to Miss Jeannette Latham. The decision was based on the results of the final examinations and the student's record during the year. The bursary is intended to assist the student to obtain further training, and Miss Latham plans to enter training as a nurse at the University of Alberta.

Plan Church Dinner

HIGH PRAIRIE, Sept. 16.—The Ladies Aid of the United Church met with Mrs. Hewie Moch recently to discuss plans for the annual service to be held Oct. 1. The committee in charge is as follows: Mrs. MacCue, Mrs. H. C. Greer, Mrs. Hall, Mrs. Chas. Spendiff and Mrs. G. F. Bishop. The choir has been reorganized with Mrs. Dorothy Cook again leader and director. The next meeting of the Aid will be held in the United Church Oct. 1 with the following officers in charge: Mrs. John Reynolds, president; Miss Dorothy McIntyre, vice-president; Mrs. Joe Busell, secretary-treasurer; Mrs. Moon is chairman of the sewing committee.

Trudeau Hopes For Return Bout

COLD LAKE, Sept. 16.—Sergeant Joe Trudeau, light heavyweight champion of the Canadian Army, who has a title also held the title for Western Canada before suffering the first defeat of his career at the hands of Roddie MacDonald, Edmonton policeman, hopes for a return bout possibly in November.

Born in Winnipeg, Trudeau came to Cold Lake with his parents at the age of 11 where he grew up and married a local girl, the former Miss Daisy Leckey. They have three children.

Sergeant Trudeau enlisted at the time of the war and was his first fight in Italy. He is now in the permanent forces, belonging to the 1st Canadian Infantry stationed at Calgary.

Sergeant Trudeau also is a top notcher in the ring. He has won several titles in England for many years and has been a member of the featherweight boxing championship of Canada.

Sergeant Trudeau and his family recently were on holiday at the home of his parents here. He has one son, one daughter, and 14 grandchildren.

Wild Animals Kill Four Sheep

FERINTOSH, Sept. 16.—Animals of a wild dog character have been their appearance in the Red Deer Lake district, and killed four sheep on a corral on the Earl Peterson farm on Sept. 10.

John Beer, who farms the land, has seen such animals in the Rocky Mountain region, and believes that they are a wolf-dog breed. They are larger than a coyote and of a darker color.

Frank Jackson had a calf eaten by the animals last week. Dogs belonging to Lester Campbell house were chased back to the Campbell house.

Famous British Writer Is Dead

MENTON, France, Sept. 16.—(AP)—Richard Le Gallienne, 81, noted British poet, essayist, novelist and journalist, died in his sleep Sunday night in the villa where he had lived for many years. Surviving are his widow, the former Miss Irma Hinton Perry; he had two daughters, actress Eva Le Gallienne and Hesper Lee Gallienne, a poet in her own right. Le Gallienne's first wife Mildred Lee, mother of Hesper, died in 1904. His second wife, Norragard, a Danish writer and mother of Eva, divorced him in 1911.

Boilermakers Join Strike at Coast

VANCOUVER, Sept. 16.—(CP)—The ranks of strikers here were increased by 260 members of the Marine and Boilermakers Union (C.I.U.) Monday when workers at the steel fabricating plant of Western Bridge Ltd., walked off the job. Plant officials said the strike was called as negotiations for a new contract were underway. The men are seeking a 12½ cents wage boost and a union shop clause. Strikes in the steel industry, pack-houses and furniture plants in Vancouver, Victoria and New Westminster affect 2,500 workers.

Europe's oldest Alpine railway was built in 1848-54.

Propose Huge U.S. Air Cargo Fleet

WASHINGTON, Sept. 16.—(AP)—Smory S. Land, president of the Air Transport Council, Monday proposed a fleet of 100 transport planes to carry cargo from the United States to a 3,000-plane fleet of transport and that commercial carriers drawing on this supply be given the first of military air transport in wartime.

Exemption Boost Would Aid Canada

OTTAWA, Sept. 16.—(CP)—Parliament's United States Insurance Act would be increased tremendously if the value of the goods they were allowed to take back across the border duty-free, were increased from \$100 to \$200, a customs official said yesterday.

The New York Herald Tribune and Saturday that a bill would be introduced in Congress next session to provide that increase. The action would be to boost Canada's supply of United States dollars as Canada would not have to place import restrictions against American goods because of the scarcity of American dollars.

The statute allowing free entry of goods up to \$100 because law in the United States in 1937. The argument has been advanced that it

"Shilling Fund" For Royal Wedding

SALISBURY, South Africa, Sept. 16.—(Reuters)—To raise money for the royal wedding of Prince Edward and the Duchess of Windsor, a "shilling fund" has been started with a minimum contribution of one shilling (20 cents) and a maximum of 10 shillings.

In follow the United States lead in initiating the exemption it is not expected quick action would be taken by Canada should Washington boost the limitation to \$200.

INCORPORATED 27th MAY 1870

Girl Scares Man

It's surprising what little things can do it. A burst of temper that seems nothing to you, sometimes makes a man wonder if you throw crockery when you're annoyed.

Or a case of the jitters on your part could do the trick. Men fly from women who are always threatening to have hysterics. The peaceful, relaxed type of gal is so much nicer to come home to!

And, you must expect a man to make a quick decision at the first sign of tears! He's not apt to be interested in a weepy woman . . . even if you explain that you're tired and haven't been sleeping well.

Are nerves and sleeplessness creeping up on you? Is indignation making you grumpy? Perhaps you're one of those people who can't stand the caffeine in tea and coffee. You should try Postum instead!

You'll like Postum. It's not like tea, not like coffee—but downright delicious in a way all its own. And Postum contains no caffeine—no other drug that might affect heart or nerves or digestion. So easy to make, right in the cup, just by adding boiling water. Drink Postum clear . . . or with cream and sugar . . . or if you like you can make it with hot milk. Any way you drink it, it's wonderful! Costs less than a cent a serving. Try Postum tomorrow.

A Product of General Foods

EVEN FOR MY BEST FRIEND
I wouldn't do it again!

Jim owned his house; he had a car, some insurance, a few stocks and bonds, a modest bank account and a small business. About the same possessions as my own. We wouldn't have called it an "estate".

I said "Sure!" when he asked me to be his executor. Nothing to it, I thought. And then, bang from the start, succession duties had me baffled. Before I finished, I had to employ experts to untangle things.

Not for friend or family will I ever do it again! But from this experience I know, now, why I go to you to obtain the services of a competently organized, fully experienced company.

For the security of my family I've appointed National Trust as my Executor.

NATIONAL TRUST COMPANY, LIMITED

Decontrol—On Condition

Wartime hobbles have to be taken off business some day, if we are to get back to ordinary peacetime conditions of plentiful supplies, rivalry in providing services, and competition in keeping down the cost of living.

Whether the sweeping decontrol order at Ottawa is well-timed is anybody's guess. There is plenty of room for doubts on one side of the argument. Only the results can answer the question.

One obvious fact is that production is still falling short of demand, from food to building supplies. The wheat export control is responsible for that, but it can only be conjectured; there is no convincing evidence on the point. And heavier production is the basic need of the situation, from the national standpoint, and that of world security.

Maybe the removal of these controls will stimulate production. There have been very positive claims that manufacturing enterprise was slowed down and goods held back from the market because the margin of profit was too narrow. If so, there should be speeding-up at the factories and filling-up of shelves in the stores, and the margin could be widened enough to make this worth while.

The restrictions are removed just when there is a growing clamor in the United States for the reimposition of price-control, when in both countries prices are tending upward, and when the world food shortage is worse than it has been at any time since the years which followed the First World War.

Some increase in the cost of living in Canada is inevitable. Not only because the controls are off, but because subsidies are to be paid no longer to millers and others engaged in producing consumer necessities. What the government has hitherto paid, the customer will now pay over the counter. Since the national treasury will thus save money, the consumer will expect a compensating cut in income and other taxation.

The controls now taken off can be put on again. Mr. St. Laurent called attention to this point in making the decontrol announcement. He said the Prices Board has been instructed to keep a careful watch on the prices of the decontrolled items, and can reimpose ceilings where it finds that "unreasonable and unjust price increases have occurred."

The temper of the public is such that the Board will not be allowed to forget that statement nor grow lax in its watch on the market. Producers therefore had better play fair with their customers if they do not want to start a vigorous demand for restoration of the controls. They will be well advised to conclude that these restraints have been suspended conditionally, and to keep clear of rousing a popular outcry against "profiteering."

The Parks Are Popular

Up to the end of August 481,469 persons were recorded as visitors to the four National Parks located in this province. Late tourists and week-end trippers from nearby points may bring the total up to the half-million mark. At the close of the year, the all-time record for any year had been beaten, and the figure was 29 per cent higher than that for last year.

Band of, course, drew the largest number of tourists, nearly half the total, with Watkins Lake a surprisingly close second. For the reasons, no doubt, that these parks lie nearest to the United States and that Band was known internationally before the other parks were created.

The trend of the traffic distribution, however, shows that the more northerly parks are gaining. Jasper showed the largest gain of the four over last year's returns, while Edmonton's neighboring Elk Island Park also more than doubled its score of visitors. Improved roads and wider publicity, there is reason to suppose, will keep these two in the lead in this respect.

From an average standpoint, the National Parks are winning magnets which draw ever-growing numbers of visitors from the United States and other outside countries, with important results upon the international exchange situation.

But not less important is the part they play in conserving the national health and building up a wholesome national spirit. Ever increasing numbers of Canadians visit these playgrounds year by year for rest and recreation—and carry home a broader sense of how great and beautiful a country Canada is. And of all the National Parks, those in Alberta are outstanding as health resorts and as stimulators of national pride.

Just Boors

As the active members of the Edmonton Safety Council will attest, the most difficult traffic injury to deal with is the discourtesy of many motor car drivers. Frequently they break no specific law, but their flagrant and ill-bred flouting of the rights of others is sometimes even more menacing to public safety than a direct violation of speeding bylaws.

One all-too-frequent instance of their boorishness is the failure to allow pedestrians to reach and board street cars. They speed along in an endless chain while the pedestrian stands helpless on the curb and misses the car or bus he is anxious to catch.

A majority of Edmonton drivers are polite and thoughtful. These will slow down or stop their cars to give pedestrians a chance. But the thoughtless and selfish minority just rush along regardless of the rights or needs of anyone else.

There is no way to reach the discourteous driver except through his own conscience. This should remind him, however, that his selfish and thoughtless behavior plainly stamps him for what he is—a phony and an exhibitionist.

An Open Challenge

Mr. Jamal Hussein has openly challenged the United Nations. He said "blood will flow like water in the Mid-East" if the General Assembly does not "retain the Arab character of Palestine." In plain words—if the Assembly tries to put into effect either the majority or the minority report from the U.N. Palestine, both reports proposed the partition of the country into Arab and Jewish states, though differing in the partition plans.

Jamal is chairman of the Arab Higher Committee, and is en route to attend the session of the General Assembly at Lake Success. He speaks with the support of the five Arab nations, and with the claimed sympathy of the whole Moslem world. If his threat, made on the eve of the Assembly meeting, seems a curious way to approach a conference of negotiation, it has the merit of being plain.

At least Jamal seems to be forecasting correctly when he says the Palestinian problem "will give the United Nations a real test." While high Jewish authorities have approved the majority report of the committee, they show little enthusiasm for it; and the Arabs are a unit in opposing both reports. That the Assembly can split both the Jewish and the Arab camps, and should it decide to steam-roller either in favor of the other the decision will have to be backed by force. "Peace by compulsion" would in that event have its first try-out in the Holy Land.

Looking Backward

From The Bulletin Files

1887: 60 Years Ago

Mr. Crozier arrived from Calgary with a load of fresh fruit.

The Herald reports a five-foot seam of coal has been found a short distance west of Battleford, on the Saskatchewan.

The eldest son of Chief Factor Belanger, of Cumberland House, is expected to be married.

George Long, of Sturgeon, shows an excellent sample of Red Fife wheat of which he has five acres.

1897: 50 Years Ago

A meeting of the town council and directors of the Edmonton District Railway Co. was held in the council chamber in Dawson City.

The proposition of English capitalists to purchase the Edmonton street railway, now in course of construction, and which was put before the city council last night, is the all-important subject on streets of the city today.

1907: 40 Years Ago

Ottawa: N. D. Beck, of Edmonton, has been appointed judge judge of the Supreme Court of Alberta.

Wintages: A syndicate here proposes to build a railway station at Dawson City.

The proposition of English capitalists to purchase the Edmonton street railway, now in course of construction, and which was put before the city council last night, is the all-important subject on streets of the city today.

1917: 30 Years Ago

Petrograd: The provisional government has issued a manifesto proclaiming Russia to be a Republic.

The Camrose constituency has doubled the sum asked for the new hospital.

1927: 20 Years Ago

Edmonton Conservatives are expected to back Hon. B. Bennett for leader of the party at the Winnipeg convention next month.

Bullfighting: The place, Plaine, France, Xena, encountering heavy head winds, turned back on an attempt to fly the Atlantic and landed here.

Opening of the University of Alberta has been postponed because of the epidemic of polio.

1937: 10 Years Ago

Japan bluntly told the League of Nations that no intention to withdraw from the league, and that it was tolerated in connection with the invasion of China.

The Alberta government has requested the expenditure of about \$200,000 by the federal government in connection with the country's future in Southern Alberta's drought areas.

Mr. Arthur Meighen, former Conservative leader, was a house of parliament member.

Alberta branch, Canadian Manufacturers' Association, expressed its opinion on the government's compensation rates when giving evidence before a special legislative committee studying revision of the compensation rates.

The provincial government plans to have at least 300 miles of roads "distressed" or half-surfaced before 1938.

Edmonton is working order.

Standing on the downtown bridge and looking southeast across the river, we saw a mountain of rubble among the houses on the river bank.

It is being piled up there, a city.

Nevertless they did flatter him with their mouth, and they led into him with their tongues.

—Psalms 18:36.

SPORTS

HAROLD DEAN, Sports Editor

CHANCES OF ORGANIZED BASEBALL operating on the prairies during 1948, as had been anticipated earlier this year, appear decidedly slim at the moment. And right now something akin to a miracle would be required to have the pro game before 1948.

The Big Four League has been a success from the stand point of quality of entertainment. Its entertainment, under President Henry Roche has been highly satisfactory and support from the fans continued to grow as the season progressed. And it is assumed there can be no customers for red ink manufacturers from amongst its members.

Officials of Calgary clubs appear quite content with the existing set-up and right now are inclined to shy away from any tie-up with Saskatchewan cities. Furthermore, crop conditions in that province are not what had been hoped for even a few weeks ago and that fact does not add any glamour to the prospect.

Satisfied with Existing Set-Up

CALGARIANS, IT SEEMS, WOULD PREFER to see the Big Four as at present constituted—that is two clubs from each city—operate for at least another year. They might go for a league which included, say, Lethbridge and one or two Montana cities, as has been mooted previously, but right now, at least, want no part of a loop which embraces Saskatchewan centres.

They even go so far as to suggest that Saskatchewan cities form their own league, with possibly North Dakota entries and would welcome an inter-league post season play-off, but definitely are not too anxious for anything more than that right now.

There seems to be little doubt that Brooklyn Dodgers are interested in the Edmonton territory, and it would not be surprising if they take even a more active part next year. On both occasions while here recently, Dodger officials made no secret of the fact they desired to co-operate.

Hockey Camps Popular These Days

OPENING OF THE CHICAGO BLACK HAWK camp at Regina has meant the exodus of considerable hockey talent from this area. Cy Thomas, Harry Groat, Eddie Thomas and Norm Kirk (all ex-California) excepting Eddie, who still is eligible for juniors) will be on hand. Bob McNabb, trail goalie and candidate for the net position with Wetsikwinnigan, also went along. Bill Gadsby left a few days ago.

Ken Henry and Gordon Shera, of the Canadian Athletic Club, Herb Shires, now of Wetsikwinnigan, and Clarence Mohr, recently appointed coach of the current edition of Canadians, will be watching the boys go through their paces. Clarence plans to remain for the three weeks, no doubt with a view to securing top talent for his club.

Bobby Carle leaves for Montreal Canadiens camp on Friday and Doug Lane will be on the same train headed for Port Arthur, where St. Louis will train. Doug Stevenson goes south to Winnipeg for the St. Paul camp. Bob Solinger, of the Flyers, Harvey Dodd, Bob Jackson and Jack Davies, of last year's Caps, Dave Butler, KAC, and Buddy Noon, North Edmonton Stars, have today for the Cleveland camp at Winnipeg.

Varsity's Football Colony Growing

UNIVERSITY OF ALBERTA'S FOOTBALL colony was further added to Monday with the arrival of Harry Hobbs, flashy halfback, who likely will be at full this year, and Bill Keir, ex-Toronto and highly rated tackle, also from Calgary.

Allen Carlin, third year student, who was out last year is back again and is a candidate for right tackle. He played with the Bears two years ago. Irving, another Californian, is shaping up as a fine passer. Ken Fraser will not be available for the Bears this year as he has taken a position in Edmonton and will not be returning to Varsity. He turned in his gear Sunday.

Eric MacDonald, member of the Golden Bears last season and who has been turning out with the Intercollegiate Caps, is leaving this week for San Francisco Junior College. He expects to get some hockey in with his academic work. Terry Cavanagh likes his new set-up in Trail.

Winnipeg's Scottish Squares Soccer Semi

WINNIPEG, Sept. 16.—(CP)—Winnipeg Scottish, mid-west champions, evened the best-of-three Dominion soccer semi-final series when they defeated the eastern titans, Montreal Carleton, 2-0 before a crowd of 5,000 at Osborne Stadium here last night. Both goals came in the second half.

Montreal won the first game here Saturday 4-3. Third game will be played here tonight and the winners will move into the Dominion final against Vancouver St. James.

The man-handicap and the fast-moving Winnipeg plays appeared to demoralize Montreal and only the fine work of Alex Samson and George White, Montreal backs, kept them out.

WINNIPEG'S first goal came at the eight-minute mark when the inside half when Scottish were awarded a free kick. The ball landed near the goalmouth and from a mass of players Getty headed it past Gordon.

Three minutes later, New York made it 2-0. On a Scottish offensive the play went down the right side and Stan Nickarz, Winnipeg right winger, slipped the ball across and the Scottish swarmed all over Montreal, and the reserves kept the game well in hand.

GETTY were awarded a penalty with 25 minutes of the first half gone, when Warner interfered with Getty inside the 18-yard line. During the course of the ensuing argument Warner was ordered off.

JOHNNY Getty, Scottish centre-forward, Bill Glenister, inside right, were the scorers.

Montreal was forced to play with 10 men for the last 10 minutes of the first half and all of the second when Charlie Warner, their centre-half, was ordered off the field after arguing with referee Percy Gillis.

Nickarz was awarded a penalty with 25 minutes of the first half gone, when Warner interfered with Getty inside the 18-yard line. During the course of the ensuing argument Warner was ordered off.

JOHNNY Getty, Scottish centre-forward, Bill Glenister, inside right, were the scorers.

Montreal was forced to play with 10 men for the last 10 minutes of the first half and all of the second when Charlie Warner, their centre-half, was ordered off the field after arguing with referee Percy Gillis.

Nickarz was awarded a penalty with 25 minutes of the first half gone, when Warner interfered with Getty inside the 18-yard line. During the course of the ensuing argument Warner was ordered off.

Golden Bear Centre Preps for Game With Toronto

Beating down in football scrimmages at the University of Alberta this time is Ken Torrance, above. Torrance, a 175-pound blocking back with Alberta's Green and Gold last fall, has been moved to the centre slot this semester to give Gordie Van Vliet more defensive power. The Bears lock horns with the Toronto Blues on October 1 at Clarke Stadium in the first game of the 1947 college season.

A's Set New Attendance Mark

CHICAGO, Bosox Split As Giants Trim Cards

NEW YORK, Sept. 16.—(AP)—After backing the idle New York Yankees into the American League pennant by losing the first game to Chicago White Sox 6-3, the Red Sox rebounded against Red Ruffing Monday to take the second half of a doubleheader, 7-5. Don Magglio, Bobby Doerr and Sam Mele homered for the Bosox in the nightcap.

George Metkovich's triple off the right field wall and Lou Bourgeois' single gave Cleveland an 11-inning, 21 victory over Philadelphia Athletics before a crowd of 12,124 which gave the Mackmen a season's attendance record of 880,760. The old league attendance mark of 809,760 at Shibe Park was set in 1935.

Russ Christopher, who relieved Toronto-born Dick Fowler in the 11th inning, was the loser with Bob Rosen notching his 10th victory against four losses. Fowler allowed only eight hits.

DETROIT blasted Mickey Haefner and Tom Ferrick for 13 hits to defeat Washington 7-2 and move a full game ahead of the third-place Boston Red Sox in the American League. It was the sixth straight loss for the Senators.

Clubbing out a 1-63 victory over St. Louis, New York Giants dumped the fast-fading Cardinals 7½ games behind the National League-leading Brooklyn Dodgers, who were idle. Walker Cooper slammed his 22nd home run for the Giants and Bill Rigney had a perfect day with five pitches.

BOB CHAPMAN stopped Johnny Sain short of his 20th victory of the season with nine-inning pitching to give Chicago Cubs a 5-2 victory over Boston Braves.

Eddie Walkup sparked the victory with three hits, including a triple that was turned into a run in the first on Sam Wildt's pitch. He singled to start the fourth, and scored on CUE Albersen's triple.

The latter continued the winning run off Bill Nicholson's fly. Pirate slugger enjoyed a hitting spree at Philadelphia and enabled the Pirates to clinch out of the National League cellar.

Hank Greenberg collected his 14th home run when he belted a Kiner was unable to boost his total past 40. He was limited to a single.

Yankee Powerhouse Cinches 15th Flag

Harris Repeats 1924 Triumph At Washington

NEW YORK, Sept. 16.—(AP)—New York Yankees clinched their 15th American League pennant yesterday when Chicago White Sox defeated Boston Red Sox 6-3 in the first half of a doubleheader.

The Yankees actually backed into the flag, having played little better than 300 ball during the last four weeks. Since Aug. 16, they took 10 wins and 10 losses and lost 14 of a 233 percentage game on Boston Red Sox and 1½ on Detroit Tigers, their closest rivals.

IT WAS THE first flag won by a Yankee team not owned by the late Col. Jacob Ruppert or his heirs, Larry McPhail, the current president. Dan Topping and Del Webb purchased the club from the Ruppert estate in the winter of 1944. It also marked the first time since 1923 that a Yankee pennant winner was under the direction of Joe McCarthy. McCarthy last year after coping with penitents in 35 years.

He was wearing the flag in his first year as manager. He directed Washington Senators to a flag as the "boy manager" of 1924.

HARRIS DID a fine job in bringing a third place 1946 club to the top in 1947. The New Yorkers kept off to a slow start, partly due to the absence of their big gun, Don Magglio, and stayed in the second division through most of April and May. With Dimas back in the lineup and good health, they moved into first place by the end of May and pushed up to second place.

On June 15, the Yankees wrote first place from the Tigers and edged them for one day, June 19, were never out of the lead. A brilliant winning streak of 19 straight from June 19 to July 17 practically ended the race then and there. By the time the Tigers finally halted the streak, the Yankees had zoomed to an 11-game lead and increased it at the season's end.

MUCH of the credit for the Yankees' success must go to Joe's hitting. Currently big Joe is hitting around .320 and is among the leaders in long distance slugging records.

Soccer Results
LONDON, Sept. 14.—(Reuters)—Results of English League soccer games played Monday 14 Sept. 1947:
First Division:
Manchester City 1, Blackpool 1.
Second Division:

Fourth Division:
Barnet 1, Woking 0.

Hawks Re-Sign Goalie Jackson
WINNIPEG, Sept. 16.—(CP)—Bill Tobin, president of Chicago Black Hawks of the National Hockey League, Monday announced the signing of a contract by Doug Jackson, hockey goal tender who played with Kansas City Pilots last winter.

Jackson was goalie for Winnipeg Rangers in 1945 when the club won the Canadian junior hockey title. He served in the Canadian Navy during the last war.

Marjorie Row Medalist with 78

Alberta Golfers Fail To Qualify in Toronto

TORONTO, Sept. 16.—(CP)—Perfect par figures over the tough Toronto Club course Monday gave Marjorie Row, 27, 3 strokes, the lowest score in the qualifying round of the Canadian ladies open championship.

Mrs. Row, who rates as a leading contender for this first renewal of the Canadian title test since 1936 took honors with a sparkling round of 78-78.

ANNE SHARP of Welland, Ont., who took medal honors with a pair of 87's in the interprovincial team match last Saturday, failed to qualify yesterday. She posted a 48-42, just one over the 91 required for the championship match play starting today.

Trailing Medalist Row by three strokes were Mrs. Eddie Bush of Detroit and Mrs. Cecil Gooderham of Toronto. Mrs. Bush carded 41-40 for her 81, while Mrs. Gooderham posted 38-42.

NONE OF the Albertans made the grade. Loraine Fowler and Paddy Arnold needed 92, two strokes too many while Mrs. Glad Fowler required 94 and Mrs. Thomas Victoria 102.

Ada Mackenzie of the Toronto Ladies' Club, off times winner of the crown, qualified handsily with 84, while defending champion Mrs. J. Mackenzie of the Toronto Club carded 85.

Other qualifying round scores included: Barbara M. Davies, Vancouver 47-48; Mrs. Hugh O'Callaghan, Vancouver 48-49; Mrs. J. H. Todd, Victoria, B.C. 47-48; Mrs. Marjorie Todd-Finney, Vancouver 48-49; Mrs. J. Jackson, Victoria, B.C. 48-49; Mrs. Gladstone Clark, Vancouver 48-49; Mrs. Gladstone Clark, Vancouver 48-49; Mrs. J. S. Elder, Winnipeg 46-44; Mrs. Bruce Campbell, Winnipeg 47-47; Mrs. Mary G. C. Taylor, Royal Albert 48-49; Mrs. J. R. Riddell, Regina 48-49; Mrs. A. J. Dunstone, Winnipeg 48-49; Mrs. J. L. Petersen, Winnipeg 48-49; Mrs. P. J. Paul, Saskatoon, Sask. 48-49; Mrs. E. J. Rogers, Regina 46-47; Mrs. E. J. Rogers, Regina 46-47; Mrs. E. J. Rogers, Regina 46-47.

Pilots Juniors
TOMMY ANDERSON

Alberta Star Named Coach Of Generals

ST. CATHARINES, Ont., Sept. 16.—(CP)—Annual pre-training camp hockey school of Toronto Maple Leaf & opened here yesterday with a session on providing material for the club's farm teams, which include Pittsburgh Hornets of the American League, the new Toronto Marlboro entry in the senior Ontario Hockey Association and Oshawa and Marlboro THA junior squads.

LAST YEAR the Leafs were in the process of reorganization and were desperately needed. Yesterday 23 hopeful puck chasers took to the ice lands under the scrutiny of managing director Conn Smythe and coach Hap Day.

Tommy Anderson, veteran defence player of New York Americans and of Toronto Maple Leafs hockey organization, has been appointed coach of the Oshawa Generals.

THE 37-YEAR-OLD native of Drumheller, succeeds Charlie Conacher, former Leaf forward and one of major hockey's all-time greats. No reason for the coaching switch was made public.

Anderson played last year with Hollywood Wolves of the Pacific Coast League.

GOODWILL TOUR
VANCOUVER, Sept. 16.—(CP)—Thirty seven players, representing British Columbia's principle clubs, will leave San Francisco Dec. 12 for a 10-week goodwill tour of New Zealand and Australia.

Walcott Given Crack At Joe's Title Dec. 5

NEW YORK, Sept. 16.—(AP)—Joe Louis, who couldn't find a suitable opponent for a title bout a few weeks ago, changed his mind yesterday and agreed to defend his world heavyweight championship for the 24th time against Jersey Joe Walcott of Camden, N.J., at Madison Square Garden Dec. 5.

Originally scheduled to face Walcott in a 16-round non-title fight in the same arena Nov. 14, Louis agreed to the suggestion made by the New York Athletic Commission chairman, Eddie Egan, that the bout be lengthened to the 15-round route with the championship at stake. Louis asked more time to train, with the result that the scrap was set back three weeks.

LOUIS PLANS to start training at West Baden, Ind., within the next two weeks and to set up camp at Pompton Lakes, N.J., about Nov. 1 to complete his preparation. Walcott will begin training in Camden County, N.J., in about a week.

In requesting the change from a non-title bout, Commissioner Egan said a defeat for the champion would cause some controversy and that Walcott certainly would be recognized as champion if he should win by a knockout. LOUIS looks the same attitude, his co-manager, Marshall Miles added.

"Joe thinks there's not much difference," Miles said yesterday. "It

Believe It or Not! by RIPLEY

LOUIS, WHOSE last title fight was his one-outright victory over Yami Maurelli a year ago this month, has engaged in a few exhibitions since then and has kept a stage by playing golf. He now weighs about 244 pounds, "light" for him, according to trainer Manny Seaman, and will scale about 268 for the fight.

Walcott, born Arnold Raymond Egan in Merchantsville, N.J., claims to be a couple of months younger than Louis, who is 32.

MINICO Scores Third Boxer Win

ST. CATHARINES, Ont., Sept. 16.—(CP)—Mickey Minico, 18, defeated St. Catharines Athletics 10-7 here Saturday night for their third straight victory in the Ontario Lacrosse Association senior final. To play in the running for the Mann Cup honors they captured last year the Athletics face the task of winning the last four games of the best-of-seven series.

NEW YORK, Sept. 16.—That bum picked up on the Bowery the other night used the name of a classy gentleman—Richard W. Marquand.

Everybody in sports knew the drunken set was a phony the minute the story broke.

It was a miserable break for the old pitcher.

Rube Marquand never took a drink in his life.

As hinted in the foregoing, this was the more individualistic pitcher—the more individualistic of pitchers—a very much inclined his head to ward his right shoulder. In fine physical condition today he looks as well as he did when he got hitting in 1922 at the age of 43.

ANYONE EVEN slightly acquainted with Marquand knew he would never be arrested on the Bowery. If the immortal left-hander couldn't throw top cabin, he wouldn't go to jail.

As a youngster the tall, slender, dark-complexioned Marquand was one of the 10 best-dressed men. He still is. He was a young man

of the world and Broadway, would and won. His story of musical comedy fame. When that broke up he married again and happily he remains very much a man of the world, paying his own way.

Marquand has been a natural clerk since he called a career in baseball is currently employed at Garden State Park, Camden, N.J.

As a gangling kid hanging around Engine House 30 on Cleveland street west side and pitching for sandlot teams, Marquand was called Rube. As hinted in the foregoing, this was the more individualistic pitcher—the more individualistic of pitchers—a very much inclined his head to ward his right shoulder. In fine physical condition today he looks as well as he did when he got hitting in 1922 at the age of 43.

ANYONE EVEN slightly acquainted with Marquand knew he would never be arrested on the Bowery. If the immortal left-hander couldn't throw top cabin, he wouldn't go to jail.

Hunting Lore Handed Down September New Moon Ideal Fishing Period

By John Alan Knight
This is by way of being a reminder. The government astronomer, who knows about such things, told us that the September new moon or "dark of the moon" occurred on Sunday, September 14, at nineteen hours and twenty-eight minutes. That's another way of saying 7:28 p.m. Saturday night. I want to remind the fishermen who read these lines that the dark of the moon is for them an important time of the month.

In the good old days, when there was such a thing as legal market hunting in this country, the gentry who carried their livelihood in that fashion kept careful check on the times of the moon phases of the month. Without doubt these men knew a great deal about the habits of game and fish. The very nature of their occupation made them observant.

LORE of the woods, fields and waters was accumulated as the years passed and handed down from father to son, generation after generation. One of the commonest bits of knowledge was this—game is more active and easier to find and fish are more readily caught during the dark of the moon than at any other time of the month.

Naturally they planned their hunts and fishing excursions for this period of peak activity.

The market hunter, however, was not one to hand out secrets and tricks of his trade promiscuously. No doubt he reasoned that the more he knew and the less the fellow knew, the better were his chances for continued success.

Probably it is for this reason that the salubrious effect of a new moon has on fish and game is not common knowledge among the sportsmen today.

THE fact remains that the three days, beginning with the arrival of the new moon and immediately following it, are, or have been, the most highly successful time of any sportsman. With any sort of favorable break in weather conditions, these three days will give you the absolute top in sport.

Legend and folk lore should not be regarded as superstition. These old-time rules and beliefs are generally not recorded in literature. You can't go to your public library and look them up as you would a rule of physics, instead they are passed along by word of mouth.

This means that they have stood the test of time. Those that are not true or practical or false are forgotten and practical of folk lore that have stood the test of time had best not be ignored. The market hunter firm belief that from the dark of the moon is the best time for fishing or shooting is one of the oldest and most natural laws that has persisted through several centuries.

A GLANCE at the Solar Tables will show you that during the dark of the moon the major periods occur at noon and at midnight or on the Bowery unless he was stumped.

If Rube Marquand did go on a hunt it would be on Park Avenue. That's the way he was always panned.

Black Hawks Back In Regina Arena

REGINA, Sept. 16.—(CP)—Chicago Black Hawks of the National Hockey League have taken over Regina's Queen City Gardens for their training camp, and within the next three weeks more than 100 players will drift in and out of the arena before the season opens for the Hawks. Kansas City Flyers of the American Hockey League and Winnipeg's P. J. Hawks.

THE 46 YOUNGSTERS who will drift for the first five days in a crowd which arrived Sunday to find a right schedule signed by Johnny Gattuso, Regina's coach, facing them in their hotel lobby.

The first batch will get the overview from the entire Hawk organization with Gattuso and Reg Hamilton, Kansas City pilot, conducting the drill.

When were taken in the three-day, dark of the moon time of the month during the midday major training period.

SOME years ago, wishing to learn something of the dark of the moon on fishing, I made it a point to gather all the dental data surrounding each record catch that was reported in the newspapers or the outdoor magazine. Often this was not easy to do and to get some of the necessary information required considerable correspondence and a good deal of money.

GRADUALLY, over a period of five or four years, I managed to accumulate full information on perhaps 200 record catches. These data of all sorts and varied from single large fish to phenomenal catches of smaller fish, such as 47 muskies in the space of two hours or 100 brook trout in a Maine lake in mid-July. Then, the data collected, I set about tabulating it. This is the result.

Almost 90 per cent of these catches were made during the dark of the moon.

Investiture Held

Ambassador Decorates
Four City Residents

The stirring strains of The Marseillaise rang through the drawing room of the Macdonald hotel Monday evening as a prelude to an investiture presided over by Count Jean de Haulcroquet, French Ambassador to Canada, now touring the west with two of his daughters, Jacqueline and Ghislaine.

FOLLOWING a reception in honor of the visiting French ambassador, four citizens were decorated, attended by high government officials and armed services representatives. Count de Haulcroquet, presented, with the warm thanks of France, medals to servicemen and civilians for outstanding services in the Second World War.

The French Croix de Guerre was presented personally by the ambassador to Lt. L. G. S. Wharf, RCAF, 1312 102 avenue, and former Acting Leading Seaman Douglas E. Townson, RCNVR, for devotion to duty overseas.

Similar awards to Maj. C. B. B. Doubravine, Western Army Command, and Pte. L. B. M. MacKenzie, RCAF, were accepted by official representatives of the two services in the absence of the officers.

Lt. Col. T. E. Snow, administrator, officer Western Army Command, and Air Commodore J. L. Hurley, chief of staff, Northwest Air Command, RCAF, received the medals.

A fifth medal, to Pte. Sgt. G. S. Young, RCAF, Edmonton, was made at Vancouver next week by the ambassador.

E. N. MICHAUD, president of the Free French Committee in Edmonton during the last war, and Miss Pauline Crovatin, secretary of the committee, were presented with a special medal struck for those members who served with the Free French Forces in France.

Miss Crovatin is secretary to the ambassador.

Teachers Advised

'Know Your Pupils'

"Know Your Students," was the theme of an address Monday by Dr. H. B. McDonald, of St. Andrew's University, P.O. Box 10, St. John's, Nfld., at the first Edmonton School District Convention, being held in the Masonic Temple.

Dr. McDonald stressed the fundamentals of teaching was to aid the pupil to achieve self-reliance, and to help him to be competent in carrying out the duties of citizenship. "Give him economic stability and self-assurance," he urged.

Under the name "Individuals," he divided it into two sections, "People are All," and "People Differ." He said people are also in their demand for activity, in their demand for status, in their demand for dominance, in situations in which they can be submissive, and in their great demand for status and need for friends.

"Though difficult," Dr. McDonald said, "in growth rates. They also differ very much in abilities. Such abilities as academic, mechanical, social, clerical, musical and artistic, are all different. The last two are very rare."

"Teachers must remember that in a guidance program it is essential to know the individual. One key is records, such as growth. But what is most important is to inform the youth of what is before him. Raise his horizons, so that he realizes that the vocation he chooses is not a dead end. Schools will greatly aid his life."

He stressed the fact that a teacher must know the community in which he is working. He also must know what the students are doing. He said that the teacher must take time to relate the subject he is teaching to jobs, and so assist the student in finding his special talent and vocation.

Legion Chiefs Get Together

'Know Your Pupils'

Reds Twice Veto

Balkan Proposals

LAKE SUCCESS, Sept. 16.—(AP)—Russia vetoed the Balkan proposals for the United Nations assembly but the United Nations assembly but the way for assembly action was cleared by a Russian move, so provided despite Soviet opposition.

The final assembly council on the Balkan question was to strike the controversial issue from the agenda after a bitter Russian veto which the delegates became involved in a hot battle over the veto issue.

The United States had made a decision. This was not to veto the assembly without removing it from the council's agenda. This move permitted continuation of the subsidiary work group of the Balkan investigating commission—the UN's only direct link with the Balkan situation.

This plan, however, was vetoed. Herchel Johnson, deputy United States ambassador, declared that the only step left and proposed that the council drop the case from its agenda. This was not to veto the veto and was approved by a vote of 2-1 with Russia and Poland voting against it.

Monday's vetoes ran Russia's strong support to a resolution on the eve of the 1947 assembly session in New York which will be concerned with both the veto and Balkan resolutions.

\$500 Holdup
TORONTO, Sept. 16.—(CP)—Two armed men held up the Alliance Assurance Co. on Queen St. W. Street late Monday and escaped with \$500.

Committee Opens Meeting

Says Aim Is to Keep

Unemployment Down

OTTAWA, Sept. 16.—(CP)—Judge W. J. Lindsell of Winnipeg, Chairman of the National Employment Committee, said today he felt that the employment services of the unemployment insurance commission should be more than a "glorified employment office."

IN AN ADDRESS at the opening of a two-day meeting of the committee on the unemployment problem, Judge Lindsell said he felt the aim of the Commission should be to keep unemployment down to its minimum.

He said that a mere clearing house for bringing workers to employers and vice versa is mainly administrative in character, whereas the more difficult employment problem, requiring constant thought and at times exhaustive study, is that of keeping the number of unemployed down to its minimum. Hence, it is argued, benefits should not be paid until the strike has been settled, and the deciding factor should be the ending of the strike. Not the resumption of work.

"The other is that payment of benefits during a strike is an indirect if not a direct financial loss to the community. Hence, it is argued, employers should be paid until the strike has been settled, and the deciding factor should be the ending of the strike. Not the resumption of work."

"Employment service is not on its highest level unless the organization is so efficient that it can find the minimum and maintaining the requirements of employers for labor at a minimum. Hence, it is argued, employers should be paid until the strike has been settled, and the deciding factor should be the ending of the strike. Not the resumption of work."

Young Boy Admits
Slaying Companion

NEWARK, N.J., Sept. 16.—(AP)—A 14-year-old boy was charged with the slaying of an 11-year-old boy, Fred Walter Smigelski, in a warehouse in Newark, N.J., on Monday.

The FBI said the boy, Fred Walter Smigelski, signed a statement in which he admitted to slaying his companion, who was 11 years old, in a warehouse in Newark, N.J., on Monday.

Recruiting Drive

6,000 Men Are Needed

For Armed Services

OTTAWA, Sept. 16.—(CP)—About 6,000 men are needed to bring Canada's three armed services to a required strength of 38,400 and a campaign will be launched on Sept. 30 to get recruits for this active force and for the reserve.

THIS WAS MADE KNOWN last night when a pamphlet entitled "Canada's Defense" was issued under the authority of Defence Minister Cline, rounding up the latest information on the country's defence organization.

The pamphlet also disclosed that a committee was being established to study the defence of the country. The committee will be made up of representatives of the armed services, the defence industry, and the public.

The pamphlet also disclosed that a committee was being established to study the defence of the country. The committee will be made up of representatives of the armed services, the defence industry, and the public.

Paul Gallico

Says:

DEVONSHIRE, England.—There will surely be some soldiers among the clients of this department who are prepared to lend a sympathetic ear to the tale of a well known English author, who is now playing golf in the west country of England which is of course, a very interesting thing.

You can play golf all right, but you do so among flocks of sheep. This is a new kind of hazard which an already crotchety old man, who is now playing golf in the west country of England, has just discovered.

The sheep, of course, are part of the British scene which you have been reading about in the past few weeks. GALICCO, who is now playing golf in the west country of England, has just discovered that the sheep are a very real hazard to the golfer.

As you have heard, England is today a country which is a very real hazard to the golfer. The sheep are a very real hazard to the golfer. The sheep are a very real hazard to the golfer.

Can't Hit 'Em

The sheep has a sort of sixth sense which tells him or her when to move. It is coming up to the golfer and moves over to slightly and you see a miss which is a disaster. The sheep is coming up to the golfer and moves over to slightly and you see a miss which is a disaster.

There are other hazards, just as you address your ball for a shot, you see a sheep coming up to the golfer and moves over to slightly and you see a miss which is a disaster.

A Sheep's Habit

Well, you haven't got colds, but they do cough constantly. It just seems to be something that sheep have. They have colds, but they do cough constantly.

It is impossible to avoid the temptation to mark his line by a sheep. The sheep has moved off. You never see a sheep mark his line by a sheep.

Mental Health Scheme Proposed in Canada

With the object of setting up the largest single public health undertaking to make general attack on mental health problems, in which every child in Canada under 17 years old will benefit, Dr. Clarence M. Hincks, general director of the National Committee for Mental Hygiene, Toronto, currently touring the Dominion conferring with technical and scientific men on the scheme, is visiting Edmonton Tuesday.

THE RAPID tour of the west is to confer with leaders of health, education and government men and to discover if Canadians feel it is the right time to launch a concerted program of mental disability and positive mental health, mainly for children," the doctor said.

Dr. Hincks has visited Manitoba, Saskatchewan and British Columbia and has discussed the scheme with provincial governments, school boards and local health officers. He will tour the eastern provinces.

as provided by the National
Grain Company.

Wheat, all grades 54 1/2; barley, all
grades 72.

Wheat at board rate, base 120.
No. 1 northern.

Wheat 2 C.W. 3.67 1/2; 3 C.W. 3.75 1/2.
4 C.W. 3.81; 5 C.W. 3.86.

WINNIEG GRAIN
WINNIEG, C.P.—October wheat
futures on Winnipeg grain exchange
rose to a new all-time high of 44.10
in initial trading Tuesday, but
early advances declined on profit
taking and hedging.

There was occasional buying by
storage interests for the deferred
months but this failed to halt the
decline which followed the earlier
rise of the United States grain
market and the increase in storage
requirements for Winnipeg.

Winnipeg wheat futures were
firmly held by the Winnipeg grain
exchange association. The range on
the day was 10 1/2 to 11 cents lower. Cash
prices were 1/2 to 1/4 cent lower.

The United Kingdom took 10,000
bushels of wheat under the Com-
modity Agreement for early ship-
ment out of Churchill.

Live Stock

EDMONTON LIVESTOCK
Cattle receipts—cattle 27.
Calves 1, hogs 40, sheep none.

Under extremely light receipts,
the cattle market is practically
flat at a standard with insufficient
offerings to establish reliable quot-
ations. Owing to the time of year,
packing plants in Edmonton not
operating, farmers shipping are
advised to contact selling agents
for shipping stock. Veal calves,
cows and heifers are in demand
to choose hand-picked, 12 to 15
to 12 1/2; hogs, grade "A" for ship-
ment, 25 to 26; hogs, grade "B" for
shipment, 23 to 24; lambs, steady,
40 to 42; yearlings 12 to 13; calves
and hogs, 12 to 13; lambs, 12 to 13.

Price Increased On Butterfat

Effective Tuesday, an increase of
one cent a pound on butterfat will
be paid producers. It was announced
by the dairy commission's office.
The increase raised the price to
the producer to special 65 cents
first grade C, second grade B and
off-grade B.

The commission's office also an-
nounced a one-cent increase in the
price of whey butter. The price
now is 65 cents a pound for first
grade, 56 for second and 56 for
third.

Oils At Calgary Record Losses

CALGARY—New issues on the
Calgary exchange fell off, led by
Consolidated taking the biggest
drop and was quoted at the close
1 hour 45 cents, seven off Monday's
close.

Only Leduc Well firmed for a
narrow gain of 43 cents, one over
Tuesday's close. Trading generally
was slow as most Leduc held firm at
30 cents, Tuesday's closing price.

TORONTO.—Only Calgary-Ed-
monton issue showed strength on
the Toronto market, firming 10
cents for a new quotation of 2.85.
Oils and Canadian issues, were the
only stock dropping a cent or more,
the remainder holding firm at Mon-
day's close.

Produce Markets
